CUMULATIVE INDEX OF ARTICLES

Volumes 6–10, 1988–1992

Abortion in inner-city adolescents: What the girls say. Janet Demb, 9(1):93

Adolescents in end-stage renal failure: A pilot study of family factors in compliance and treatment considerations. Jenny Altschuler, Dora Black, Richard Trompeter, Maggie Fitzpatrick, & Helen Peto, 9(3):229

Adverse effects of psychotherapeutic beliefs: An application of attribution theory to the critical study of psychotherapy. Ben Furman & Tapani Ahola, 7(2):183

After infarct: A pilot study. Ann Bises, 8(4):339

Anorexia nervosa: Lessons from a follow-up study. Helm Stierlin & Gunthard Weber, 7(2):120

Association of family enmeshment with maternal blood pressure during pregnancy: Evidence for a neuroendocrine link explaining the association between family enmeshment and infant birth weight. Mark B. Mengel, Alan B. Davis, Troy D. Abell, Lisa C. Baker, & Christian N. Ramsey, Jr., 9(1):3

The behavioral pediatrics consultation: Teaching residents to think systemically in managing behavioral pediatrics problems. William I. Cohen & Laurel Milberg, 10(2):169

The behavioral sciences and academic family medicine: An alternative view. Aaron Antonovsky, 10(3):283

The behavioral scientist in primary care medicine. Donald A. Block, 10(3):245

Beneath the anger: Depths of meaning and emotion in a physician-patient relationship and its larger group context. Howard Stein, 9(2):177

Benign prostatic hypertrophy: A view from family practice. Joseph Herman & Leon Epstein, 8(4):365

Black, inner-city, female adolescents and condoms: What the girls say. Janet Demb, 8(4):401

Book Reviews (see end of this listing)

Calling it quits. Joseph Herman, 10(2):223

The cardiac event, the doctor, and the wife. Shmuel Reis, 10(2):219

Cardiovascular and neuroendocrine responsiveness in diabetic adolescents within a family context: Association with poor diabetic control and dysfunctional family dynamics. Mark B. Mengel, Piers R. Blackett, Mary K. Lawler, Robert J. Volk, Nancy J. Viviani, Gregory Stamps, Morris S. Dees, Alan B. Davis, & William R. Lovallo, 10(1):5

Case report: Family-systems therapy of a man with AIDS-related complex. Fran Ackerman, 7(3):292

Chronic illness as a therapeutic metaphor. Robert Simon, 6(3):51

Circular questions: Establishing the relational context. Paul H. Feinberg, 8(3):273

Classic reprint. Donald A. Bloch, 6(4):469

Classic reprint—The need for a new medical model: A challenge for biomedicine. George L. Engel, 10(3):317

Clinical vignette: Adolescent "survivors" of parents with AIDS. Janet Demb, 7(3):339

Co-constructing a workable reality: The use of clinical neuropsychology. Victor Nell & Carla Boer, 6(1):40

Color me multi-colored: A note on problems in clinical research methodology. Bernhard Limacher, Elisabeth Dahler, Jakob Bösch, & Niklaus Egli, 9(1):65

The common denominator. Joseph Herman, 9(3):275

A comparative analysis of family structure in an urban family practice program. Richard B. Birrer, Max Weiner, Isabel Barata, Jeanmarie Prunty, & Aimee Roschelle, 8(2):201

Compliance: Continuous negotiation. Donald A. Bloch, 9(2):109

Compliance in a comprehensive hemophilia center and its implications for home care. Howard M. Weiss, Robert Simon, Judith Levi, Alice Forster, Michael Hubbard, & Louis Aledort, 9(2):111

The conduit metaphor: Language and informed consent. Nancy Budwig, 9(4):313

Considering the options: A multilevel systemic approach to helping somatizing patients. Jo Ellen Patterson & David N. Spees, 6(4):411

A constructivist approach to working with abusive and neglectful parents. Joan Aderman & Tom Russell, 8(3):241

A consultation model in a pediatric outpatient clinic: Conversations with psychosomatic children and their parents. Hans Petter Fundingsrud, 6(2):188

Context and process in medical ethics: The contribution of family-systems theory. Michael A. Grodin & Laurel Arthur Burton, 6(4):421

Cost effectiveness: Family therapy in a pediatric setting. Per A. Gustafsson & Carl-Goran Svedin, 6(2):162

Counseling by family physicians: Report of a survey and curriculum modification in West Virginia. Angel M. Vazquez, Charlotte L. Nath, & Sharon P. Murray, 6(4):463

Creating a network of volunteer resources in a psychoeducational family asthma program. Israela Meyerstein, 10(1):99

Critique of "Is there a future for behavioral scientists

in academic family medicine?" Patricia Armstrong, Lawrence R. Fischetti, Samuel E. Romano, Mark E. Vogel, & Kathy Zoppi, 10(3):265

The cybernetics of community responses to incest and child abuse. James C. Healey, 7(3):305

Death and dying: A longitudinal study of their impact on the family. F.J.A. Huygen, H.J.M. van den Hoogen, J.T.M. van Eijk, & A.J.A. Smits, 7(4):374

Disruption and reconstruction of networks following migration/relocation. Carlos E. Sluzki, 10(4):359

Doing the right thing. Donald A. Bloch, 8(4):325

Don't discuss it: Reconciling illness, dying, and death in a medical school anatomy laboratory. Jane Louise William, 10(1):65

Dr. Biomedicine and Dr. Psychosocial: The dual optic. Donald A. Bloch, 6(2):131

The dual optic at work: Notes from a journal. Elana Katz Mandelbaum, 8(1):38

The dual optic: Co-constructing the story. Donald A. Bloch, 6(3):259

The dual optic: Researchers and therapists. Donald A. Bloch, 7(2):115

Early identification of symptomatic post-MI families. Cyril M. Worby, John Altrocchi, Tracy L. Veach, & Ross Crosby, 9(2):127

Ecosystemic consultation: A case of epilepsy. Yoel Elizur, 10(2):135

Editorial. Donald A. Bloch, 6(4):387

Elderly family members and their caregivers: Characteristics and development of the relationship. Sylvia Shellenberger, Kathy Watkins Couch, & Mary Ann Drake, 7(3):317

Enuresis and its contexts: From organizational crisis to family ghost. Howard F. Stein, 9(1):77

Escalation of trauma in the family of the patient with organic brain disease. Melvin R. Lansky, 8(3):231

An evaluation strategy for behavioral pediatrics training. Douglas C. Breunlin, Joel S. Richman, & Agnes Lattimer, 8(1):48

Expanding the context of the patient's explanatory model using circular questioning. Larry B. Mauksch & Thomas Roesler, 8 (1):3

Explanatory models of illness: A pilot study. Raja Jaber, Susan Steinhardt, & Jeffrey Trilling, 9(1):39

An exploratory study of perceptions of parenting after infertility. Linda Hammer Burns, 8(2):177

Exporting family assessment skills "down under." Edward Bader, 8(4):407

An extended metaphor: Family medicine as family. Johanna Shapiro & Yves R. Talbot, 8(2):125

"The eye of the outsider": Behavioral science, family medicine, and other human systems. Howard F. Stein, 10(3):293

Familial factors in the etiology, maintenance, and treatment of somatoform disorders in children. Larry L. Mullins & Roberta A. Olson, 8(2):159

Families experiencing stress. Joan M. Patterson, 6(2):202

Family and health research in the 1980s: A family scientist's perspective. Joan M. Patterson, 8(4):421

Family burden in families with a hemophilic child. I. Varekamp, Th. P.B.M. Suurmeijer, F.R. Rosendaal, H. van Dijck, A. Bröckner-Vriends, & E. Briët, 8(3):291

Family competence and childhood asthma: A preliminary study. Paola Di Blasio, Enrico Molinari, Giovanni Peri, & Alberto Taverna, 8(2):145

Family dynamics and anxiety disorders: A clinical investigation. Joseph Frey III & Kim Oppenheimer, 8(1):28

The Family Journal Technique: A simple, positive-reframing technique in Japanese pediatrics. Yasunaga Komori, Machiko Miyazato, & Tadao Orii, 9(1):19

A family-larger-system perspective. Evan Imber-Black, 9(4):371

Family life cycle theory—A feminist critique. Lucy M. Candib, 7(4):473

Family patterns in obesity: With consideration of emotional eating and restraint. Richard M. Ganley, 10(2):181

Family relations, coping styles, stress, and cardiovascular disease risk factors among children and their parents. Cindy L. Hanson, Robert C. Klesges, Linda H. Eck, Jeff A. Cigrang, & Deborah L. Carle, 8(4):387

Family rituals and the care of individual patients. John C. Rogers & Richard L. Holloway, 9(3):249

Family structure, marital power, maternal distance, and paternal alcohol consumption in father-daughter incest. Mary de Chesnay, Elaine Marshall, & Carol Clements, 6(4):453

A family systems Balint group: A case report from a C.M.E. course. Richard J. Botelho, Susan H. McDaniel, & James E. Jones, 8(3):265

Family systems consultation: Opportunities for teaching in family medicine. Susan H. McDaniel, Thomas Campbell, Lyman C. Wynne, & Timothy Weber, 6(4):391

Family systems medicine curriculum at Mercer University School of Medicine. Mary Anne Armour, Kathy M. Couch, Michael Denny, Russell M. Hostetler, Sylvia Shellenberger, Kay Shurden, & Edward G. Titus, 7(2):196

Five levels of involvement with gurus at the Family in Family Medicine Conference. Kathy Cole-Kelly, 6(1):112

The geriatric assessment team: A case report. Joellyn L. Ross, Jean Yudin, & Katherine Galluzzi, 10(2): 213

Getting better with honor: Individualized relaxation/self-hypnosis techniques for control of recalcitrant

abdominal pain in children. Beverly Sokel, Sean Devane, & Arnon Bentovim, 9(1):83

The giant armadillo and the "sabre-tooth" tiger: Notes on the "life" of a disease. Joseph Herman, 9(4):409

Giving new meanings to cancer. Margaret Atkin Gosselin, 7(2):213

Harry Goolishian: A note about language, and two remembrances. Donald A. Bloch, 10(1):1

Harold Goolishian: 1924–1991. Susan H. McDaniel, 10(1):2

Harold Goolishian: A tribute. Anne Rambo, 10(1):3

Hausa families and health care choices: Birth injuries in African communities. Durrenda Ojanuga & Miriam Johnson, 10(4):413

Health policy and the family—Agenda for the year 2000. Catherine L. Gillis, William J. Doherty, Richard Needle, & Thomas Campbell, 7(2):229

The HMO crisis: Danger/opportunity. Marilyn La Court, 6(1):80

Home caregivers and children on apnea monitors. Arthur R. Williams & Phoebe D. Williams, 8(2):151

How do experts read family genograms? Michael Rohrbaugh, John C. Rogers, & Monica McGoldrick, 10(1):79

How much longer must medicine's science be bound by a seventeenth century world view?. George L. Engel, 10(3):333

Huntington's disease: Therapy strategies. M. Michele Murburg, Lawrence H. Price, & Halali Behnaz, 6(3):290

Illness beliefs as a factor in patient-spouse adaptation to treatment for coronary artery disease. Joan M. Patterson, 7(4):428

Illness counseling—A proposed adjunct service for primary-care physicians. Lotte Marcus, 7(3):357

Impact of serious morbidity of individuals on the registered morbidity of their partners: An exploration with negative results. Frans J.A. Huygen, Henk J.M. van den Hoogen, Eloy H. van de Lisdonk, & Anton J.A. Smits, 10(1):59

Implementing the biopsychosocial model: The future for psychosocial specialists. Susan H. McDaniel, 10(3):277

Individualistic and organizational analyses of informed consent. Roger Bibace, 9(4):297

Informed consent as dialogue. Donald A. Bloch, 9(4):293

Informed consent near death: Myth and actuality. Den Raphaely, 9(4):343

Integrating quantitative and qualitative methods in family research. Robert L. Blake, 7(4):411

Integrating traditional alcoholic treatment programs and family systems therapy. Raymond De Maio, 7(3):274

The interpersonal politics of premenstrual syndrome. Susan H. McDaniel, 6(2):134

Interpersonal skills training for parents of children with cystic fibrosis. Keith H. Schroder, Adrianne B. Casadaban, & Brian Davis, 6(1):51

Inventing the CATS: A cautionary tale. Donald A. Bloch, 9(3):207

The involuntary client: Avoiding "pretend therapy." Fran Ackerman, Jorge A. Colapinto, Constance N. Scharf, Margot Weinshel, & Hinda Winawer, 9(3):261

Is there a future for behavioral scientists in academic family medicine? Johanna Shapiro & Yves Talbot, 10(3), 247

Islands rather than bridgeheads: The problematic status of the biopsychosocial model. Aaron Antonovsky, 7(3):243

Isomorphism in resident consultations: Implications for education and patient care. Richard J. Botelho, David B. Seaburn, & Jeffrey J. Harp, 9(2):137

The law and the limits of the law of informed consent. Carolyn E. Cotsonas, 9(4):307

Long-term psychosocial adjustment following liver transplantation: Gender comparisons of patients and their spouses. Ralph E. Tarter, JoAnn Switala, Mostefa Kabene, & David H. Van Thiel, 8(4):359

Macrosocial conflicts and the family: A Hungarian case study. János Füredi, Gyula Kapusi, & Judit Novák, 7(1):30

Managing personal and professional boundaries: How to make the physician's own issues a resource in patient care. Susan H. McDaniel, Thomas L. Campbell, & David B. Seaburn, 7(4):385

Maternal attributions of etiology in nonorganic failure to thrive. Lynne Sturm & Dennis Drotar, 9(1):53

Meaning and the politics of experience: A progressive agenda for family practice. David Stoller & Robert Dozor, 6(2):248

A meaningless event. Donald A. Bloch, 8(3):229

The medical map is not the territory; or, "Medical Family Therapy?"—Watch your language! Janice M. Bell, Lorraine M. Wright, & Wendy L. Watson, 10(1):35

Medical noncompliance: New roles for the child and adolescent mental health worker. Josef Stelzer, 9(2):121

Mental health: The history of an internationalist cooperation with Nicaragua. Ignacio Maldonado Martinez, 8(4):327

Mental retardation: Stories from family practice. John Blossom & George W. Supplitt, 8(3):285

The mind/body problem revisited: Pseudoseizure patients. James L. Griffith, 8(1):71

More on the collaborative team. Donald A. Bloch, 10(2):131

Multi-modal treatment of an adolescent with anorexia nervosa and insulin-dependent diabetes mellitus: A case report. James R. Rodrigue, Susan

K. Dandes, Gary Geffken, Marika Spevak, & Janet Silverstein, 8(4):349.

The need for a transitional model—A challenge for biopsychosocial medicine? Joseph Herman, 7(1): 106

Nighttime waking in children. Jeffrey S. Trilling, 7(1):17

Older couples: The effect of health, retirement, and family functioning on morale. Duane S. Bishop, Nathan B. Epstein, Lawrence M. Baldwin, Ivan W. Miller, & Gabor I. Keitner, 6(2):238

Organic brain disease in the family: Illness, personality, and family system. Melvin R. Lansky, 7(1):66

Osteophytes and marital fights: A single-case clinical research report of chronic pain. Wendy L. Watson, Janice M. Bell, & Lorraine M. Wright, 10(4):423

Paradigm lost: Cross-cultural considerations in a patient with panic attacks. Asher Elhayani, Ayala Yechezkel, & Joseph Herman, 9(2):165

Parent-practitioner communication in the management of nonorganic failure to thrive. Dennis Drotar & Lynne Sturm, 6(3):304

Parental stress response within a family context: Association with diabetic control in adolescents with IDDM. Mark B. Mengel, Mary K. Lawler, Robert J. Volk, Nancy J. Viviani, Morris S. Dees, & Alan B. Davis, 10(4):395

The partnership of Dr. Biomedicine and Dr. Psychosocial. Donald A. Bloch, 6(1):2

Parts, players, and "patienting": The social construction of senile dementia. Barbara Gail Hanson, 9(3):267

Patient-agency system and the maintenance of chronic problems. Carlos E. Sluzki, 6(4):404

Pediatric AIDS: Toward an ecosystemic treatment model. Gillian E. Walker, 9(3):211

Performance pressures: Saner responses for consultant family therapists. Kathy Cole-Kelly & Jeri Hepworth, 9(2):159

The perils (and possibilities) of paradigm change. Donald A. Bloch, 7(1):3

Person-family transactions: Implications for stress and health. Lawrence Fisher & Donald C. Ransom, 8(1):109

The personal genogram: An interview technique for selecting family practice residents. H. John Blossom, 9(2):151

Physician and nurse collaboration in a medical clinic for indigent patients. Carol Dashiff, Doris Greiner, & Nass Cannon, 8(1):57

"Pickup vaginitis": A case report. John Blossom, 6(4):467

Point and counterpoint. Donald C. Ransom, 9(3):278

Position paper on the role of behavioral science faculty in family medicine. Patricia Armstrong, Lawrence R. Fischetti, Samuel E. Romano, Mark E. Vogel, & Kathy Zoppi, 10(3):257

Predicting smoking and drinking intentions and behavior of pre-adolescents: The influence of parents, siblings, and peers. Susan Quine & John Anthony Stephenson, 8(2):191

The problem-defined system. Donald A. Bloch, 7(4): 371

Problematic treatment: Interaction of patient, spouse, and physician beliefs in medical noncompliance. William C. Madsen, 10(4):365

A progressive agenda for family-practice residency training. Scott Eberle, 6(3):371

Psychoanalytic theory and the construction of a family narrative: A case report. Paul E. Tietze & Howard F. Stein, 6(4):439

Psychological adaptation to cancer: A comparison among patients, spouses, and nonspouses. Kathleen O. Ell, Robert H. Nishimoto, Joanne E. Mantell, & Maurice B. Hamovitch, 6(3):335

Psychopharmacology of attachment: Effects of successful agoraphobia treatment on marital relationships. Richard A. Perlmutter, 8(3):279

Psychosocial adjustment to illness and family environment in dialysis patients. Janet Kaye, Susan Bray, Edward J. Gracely, & Sandra Levinson, 7(1):77

Psychosocial aspects of geriatrics: A six-point orientation scheme for training. Robert F. Thompson & Braulio Montalvo, 7(4):397

The psychosocial dimension: Relational aspects. Helm Stierlin, 7(3):254

The psychosocial morbidity and mortality conference: Parallel process in resident training. Johanna Shapiro, Kathryn Larsen, & Dennis Jacokes, 9(4):397

A putative ancestry of family practice and family medicine: Genogram of a discipline. Michael A. Crouch, 7(2):208

Reflecting team consultations and their impact upon family therapy for somatic symptoms as coded by structural analysis of social behavior (SASB). James L. Griffith, Melissa Elliott Griffith, Nancy Krejmas, Mark McLain, Dinesh Mittal, Janetta Rains, & Carol Tingle, 10(1):53

Reframing depression: A systems perspective. Carla Boer, 10(4):405

The relationship of family dynamics and social support to personal, psychological, and social functioning in diabetic patients on the insulin pump. Mark Mengel, Richard T. Connis, Michael J. Gordon, & Thomas R. Taylor, 6(3):317

Research reports. Thomas L. Campbell, 9(2):189; 9(3):279; 9(4):413

Research reports: Family interventions in family practice. Thomas L. Campbell, 10(2):227

Research reports: Physicians, patients, and their families. Thomas L. Campbell, 10(4):439

Research reports: Social relationships and pathways to health and illness. Thomas L. Campbell, 10(1): 111

The resurgence of the biomedical model in medicine. Michael Glenn, 6(4):492

Revealing sex differences in childhood obesity by using a family systems approach. Warren Kinston, Liza Miller, Peter Loader, & Otto H. Wolff, 8(4):371

Revision of the family APGAR for use by 8-year-olds. Joan K. Austin & Thomas J. Huberty, 7(3):323

Role strain—Illness in a physician's family. Howard D. Silberman, 7(4):454

Seminar: Psychoimmunology: Systems medicine at the molecular level. Christian J. Wiedermann & Maria Weidermann, 6(1):94

Sequencing: The patient caseload as an interactive system. David B. Seaburn & Jeff Harp, 6(1):107

Smoking behavior and spouses: A case report. Lorraine M. Wright, Janice M. Bell, & Betty Lou Rock, 7(2):158

A social learning/family systems approach to the treatment of somatoform disorders in children and adolescents. Larry L. Mullins, Roberta A Olson, & John M. Chaney, 10(2):201

Somatic fixation in patients and physicians: A biopsychosocial approach. Susan H. McDaniel, Thomas Campbell, & David Seaburn, 7(1):5

"Something happened": A hallway story. Howard F. Stein, 10(4):437

Speaking personally. Anita Morawetz, 6(3):349

Speaking the unspeakable: Use of the reflecting position in therapies for somatic symptoms. James L. Griffith & Melissa Elliott Griffith, 10(1):41

The stone boy and the crazy lady: The understanding and regulation of affect in clinical teaching. Johanna Shapiro, 7(2):172

Stories, reflections, and miracles: New approaches to introducing family therapy to inpatient settings. Thomas Honsig, 7(4):443

The story behind the clinical story: An inquiry into biomedical narrative. Howard F. Stein, 8(2):213

Strange and novel ways of addressing guilt. David Epston, 9(1):25

Strengthening the promise of family systems medicine. Donald A. Bloch, 8(1):1

Sudden, unexpected death and the role of the family physician. William C. Wadland, Bert Keller, William Jones, & James Chapados, 6(2):176

A systemic approach to family hospitalization. Leonard Israel Sigel & Stephanie Whitmont, 8(3):251

A systemic approach to medical noncompliance: The case of chronic obesity. Jill Elka Harkaway & William C. Madsen, 7(1):42

Systemic counseling for patients with AIDS/HIV infections. Robert Bor, Riva Miller, & Lucy Perry, 6(1):21

Systems dynamics in cigarette smoking: An exploratory study. D'Ann Whitehead & William J. Doherty, 7(3):264

Systems dynamics in hyperemesis gravidarum. Susan M. Caruso, Rif S. El-Mallakh, & Mahlon S. Hale, 8(1):91

Systems treatment in pediatric chronic illness: A parent group program. Linda M. Gaudet & Gail M. Powers, 7(1):90

Teaching families to cope with childhood asthma. Dina Tal, Rivka Gil-Spielberg, Helen Antonovsky, Asher Tal, & Benyamin Moaz, 8(2):135

Thalassemia and the adolescent: An investigation of chronic illness, individuals, and systems. Eugenia T. Georganda, 6(2):150

Time-limited structural couple therapy with chronic low back pain patients. Simo Saarijärvi, Tuija Lahti, & Ilpo Lahti, 7(3):328

Training for collaboration: Internships for family-therapy students in a medical setting. Jeri Hepworth, Stephen M. Gavazzi, Marilyn S. Adlin, & William L. Miller, 6(1):69

The transgenerational development of chronic illness meanings. David B. Seaburn, Alan Lorenz, & Diane Kaplan, 10(4):385

Treating an infertile couple. Margot Weinshel, 8(3): 303

Treating self-mutilating behavior: A social strategy. David Aldridge, 6(1):5

The turning point. Donald A. Bloch, 8(2):123

Two green tomatoes: A case report regarding religion and health. Scott H. Frank, 9(1):69

Uncomfortable knowledge: A ethnographic clinical training model. Howard F. Stein, 6(1):117

The uncommon wisdom of parents at the moment of diagnosis. Patricia Taner Leff & Elaine Hilburn Walizer, 10(2):147

The uses of metaphor: Commentary on Stoller and Dozor's "Meaning and the politics of experience." Bruce Denner, 6(3):364

Using the Kvebaek Board for brief systems consultation: A teaching technique for preceptor-resident encounters. Richard J. Botelho, Cleveland G. Shields, & Steve J. Novak, 10(1):91

A visit to the doctor: An illustration of implicit meanings in the doctor-patient relationship. Johanna Shapiro, 6(3):276

Voices of curing and caring: The role of vagueness and ambiguity in informed consent discussions. Michael Bamberg, 9(4):329

"Where does the healing take place?" Carlos E. Sluzki, 9(1):1

Who's the patient: An ecological assessment of child abuse. Kim Oppenheimer, 9(2):171

Why family medicine? The sound of bells. William L. Miller, 10(3):347

Yes, there is a future for behavioral scientists in academic family medicine. Donald C. Ransom, 10(3):305

Young autistic children treated with ethologically oriented family therapy. Michele Zappella, 8(1):14

CUMULATIVE INDEX OF AUTHORS*

Volumes 6–10, 1988–1992

Abell, Troy D. (see Mengel, Mark B.). *Association of family enmeshment with maternal blood pressure during pregnancy: Evidence for a neuroendocrine link explaining the association between family enmeshment and infant birth weight.* 9(1):3

Ackerman, Fran. *Case report: Family-systems therapy of a man with AIDS-related complex.* 7(3):292–304, 1989

Ackerman, Fran; Colapinto, Jorge A.; Scharf, Constance N.; Weinshel, Margot; Winawer, Hinda. *The involuntary client: Avoiding "pretend therapy."* 9(3):261–266, 1991

Aderman, Joan; Russell, Tom. *A constructivist approach to working with abusive and neglectful parents.* 8(3):241–250, 1990

Adlin, Marilyn (see Hepworth, Jeri). *Training for collaboration: Internships for family-therapy students in a medical setting.* 6(1):69

Ahola, Tapani (see Furman, Ben). *Adverse effects of psychotherapeutic beliefs: An application of attribution theory to the critical study of psychotherapy.* 7(2):183

Aldridge, David. *Treating self-mutilating behavior: A social strategy.* 6(1):5–20, 1988

Aledort, Louis (see Weiss, Howard M.). *Compliance in a comprehensive hemophilia center and its implications for home care.* 9(2):111

Altrocchi, John (see Worby, Cyril M.). *Early identification of symptomatic post-MI families.* 9(2):127

Altschuler, Jenny; Black, Dora; Trompeter, Richard; Fitzpatrick, Maggie; Peto, Helen. *Adolescents in end-stage renal failure: A pilot study of family factors in compliance and treatment considerations.* 9(3):229–247, 1991.

Antonovsky, Aaron. *Islands rather than bridgeheads: The problematic status of the biopsychosocial model.* 7(3):243–253, 1989

Antonovsky, Aaron. *The behavioral sciences and academic family medicine: An alternative view.* 10(3):283–291, 1992

Antonovsky, Helen (see Tal, Dina). *Teaching families to cope with childhood asthma.* 8(2):135

Armour, Mary Anne; Couch, Kathy M.; Denny, Michael; Hostetler, Russell M.; Shellenberger, Sylvia; Shurden, Kay; Titus, Edward G. *Family systems medicine curriculum at Mercer University School of Medicine.* 7(2):196–207, 1989

Armstrong, Patricia; Fischetti, Lawrence R.; Romano, Samuel E.; Vogel, Mark E.; Zoppi, Kathy. *Critique of "Is there a future for behavioral scientists in academic family medicine?" by Shapiro and Talbot.* 10(3):265–275, 1992

Armstrong, Patricia; Fischetti, Lawrence R.; Romano, Samuel E.; Vogel, Mark E.; Zoppi, Kathy. *Position paper on the role of behavioral science faculty in family medicine.* 10(3):257–263, 1992

Austin, Joan K.; Huberty, Thomas J. *Revision of the family APGAR for use by 8-year-olds.* 7(3):323–327, 1989

Bader, Edward. *Training sketch: Exporting family assessment skills "down under."* 8(4):407–412, 1990

Baird, Macaran A. (see Index of Articles/Book Reviews)

Baker, Lisa C. (see Mengel, Mark B.). *Association of family enmeshment with maternal blood pressure during pregnancy: Evidence for a neuroendocrine link explaining the association between family enmeshment and infant birth weight.* 9(1):3

Baldwin, Lawrence M. (see Bishop, Duane S.). *Older couples: The effect of health, retirement, and family functioning on morale.* 6(2):238

Bamberg, Michael. *Voices of curing and caring: The role of vagueness and ambiguity in informed consent discussions.* 9(4):329–342, 1991

Barata, Isabel (see Birrer, Richard B.). *A comparative analysis of family structure in an urban family practice program.* 8(2):201

Barry, Kristen L. (see Index of Articles/Book Reviews)

Bell, Janice M.; Wright, Lorraine M.; Watson, Wendy L. *The medical map is not the territory; or, "Medical Family Therapy?"—Watch your language!* 10(1):35–39, 1992

Bell, Janice M. (see Watson, Wendy L.). *Osteophytes and marital fights: A single-case clinical research report of chronic pain.* 10(4):423

Bell, Janice (see Wright, Lorraine M.). *Smoking behavior and spouses: A case report.* 7(2):158

Bentovim, Arnon (see Sokel, Beverly). *Getting better with honor: Individualized relaxation/self-hypnosis techniques for control of recalcitrant abdominal pain in children.* 9(1):83

Bibace, Roger. *Individualistic and organizational analyses of informed consent.* 9(4):297–306, 1991

*Articles are listed in the following order: (1) sole author, chronologically; (2) first author, alphabetically by next author, then chronologically; and (3) co-author, alphabetically by first author, then chronologically. Inclusive page numbers and year will be provided in listing only for sole and first authors.

Birrer, Richard B.; Weiner, Max; Barata, Isabel; Prunty, Jeanmarie; Roschelle, Aimee. *A comparative analysis of family structure in an urban family practice program*. 8(2):201–205, 1990

Bises, Ann. *After infarct: A pilot study*. 8(4):339–348, 1990

Bishop, Duane S.; Epstein, Nathan B.; Baldwin, Lawrence M.; Miller, Ivan W.; & Keitner, Gabor I. *Older couples: The effect of health, retirement, and family functioning on morale*. 6(2):238–247, 1988

Black, Dora (see Altschuler, Jenny). *Adolescents in end-stage renal failure: A pilot study of family factors in compliance and treatment considerations*. 9(3):229

Blackett, Piers R. (see Mengel, Mark B.). *Cardiovascular and neuroendocrine responsiveness in diabetic adolescents within a family context: Association with poor diabetic control and dysfunctional family dynamics*. 10(1):5

Blake, Robert L. *Integrating quantitative and qualitative methods in family research*. 7(4):411–427, 1989

Bloch, Donald A. (see Index of Articles/Book Reviews)

Bloch, Donald A. *The partnership of Dr. Biomedicine and Dr. Psychosocial*. 6(1):2–4, 1988

Bloch, Donald A. *Dr. Biomedicine and Dr. Psychosocial: The dual optic*. 6(2):131–133, 1988

Bloch, Donald A. *The dual optic: Co-constructing the story*. 6(3):259–261, 1988

Bloch, Donald A. *Editorial*. 6(4):387–390, 1988

Bloch, Donald A. *Classic reprint*. 6(4):469–482, 1988

Bloch, Donald A. *The perils (and possibilities) of paradigm change*. 7(1):3–4, 1989

Bloch, Donald A. *The dual optic: Researchers and therapists*. 7(2):115–119, 1989

Bloch, Donald A. *The problem-defined system*. 7(4): 371–373, 1989

Bloch, Donald A. *Strengthening the promise of family systems medicine*. 8(1):1–2, 1990

Bloch, Donald A. *The turning point*. 8(2):123–124, 1990

Bloch, Donald A. *Doing the right thing*. 8(4):325–326, 1990

Bloch, Donald A. *Compliance: Continuous negotiation*. 9(2):109–110, 1991

Bloch, Donald A. *Inventing the CATS: A cautionary tale*. 9(3):207–209, 1991

Bloch, Donald A. *Informed consent as dialogue*. 9(4):293–295, 1991

Bloch, Donald A. *Harry Goolishian: A note about language, and two remembrances*. 10(1):1, 1992

Bloch, Donald A. *More on the collaborative team*. 10(2):131–133, 1992

Bloch, Donald A. *The behavioral scientist in primary care medicine*. 10(3):245–246, 1992

Blossom, H. John. *The personal genogram: An interview technique for selecting family practice residents*. 9(2):151–158, 1991

Blossom, John; Supplitt, George W. *Mental retardation: Stories from family practice*. 8(3):285–290, 1990

Boer, Carla. *Reframing depression: A systems perspective*. 10(4):405–411, 1992

Boer, Carla (see Nell, Victor). *Co-constructing a workable reality: The use of clinical neuropsychology*. 6(1):40

Bor, Robert; Miller, Riva; Perry, Lucy. *Systemic counseling for patients with AIDS/HIV infections*. 6(1):21–39, 1988

Bösch, Jakob (see Limacher, Bernhard). *Color me multi-colored: A note on problems in clinical research methodology*. 9(1):65

Botelho, Richard J. (see Index of Articles/Book Reviews)

Botelho, Richard J.; McDaniel, Susan H.; Jones, James E. *A family systems Balint group: A case report from a C.M.E. course*. 8(3):265–271, 1990

Botelho, Richard J.; Seaburn, David B.; Harp, Jeffrey J. *Isomorphism in resident consultations: Implications for education and patient care*. 9(2):137–149, 1991

Botelho, Richard J.; Shields, Cleveland G.; Novak, Steve J. *Using the Kvebaek Board for brief systems consultation: A teaching technique for preceptor-resident encounters*. 10(1):91–97, 1992

Bray, James H. (see Index of Articles/Book Reviews)

Bray, Susan (see Kaye, Janet). *Psychosocial adjustment to illness and family environment in dialysis patients*. 7(1):77

Breunlin, Douglas C.; Richman, Joel S.; Lattimer, Agnes. *An evaluation strategy for behavioral pediatrics training*. 8(1):48–56, 1990

Briët, E. (see Varekamp, I.). *Family burden in families with a hemophilic child*. 8(3):291

Bröcker-Vriends, A. (see Varekamp, I.). *Family burden in families with a hemophilic child*. 8(3):291

Budwig, Nancy. *The conduit metaphor: Language and informed consent*. 9(4):313–327, 1991

Burns, Linda Hammer. *An exploratory study of perceptions of parenting after infertility*. 8(2):177–189, 1990

Burton, Laurel Arthur (see Grodin, Michael A.). *Context and process in medical ethics: The contribution of family-systems theory*. 6(4):421

Campbell, Thomas L. *Research reports*. 9(2):189–192, 1991; 9(3):279–284, 1991; 9(4):413–419, 1991

Campbell, Thomas L. *Research reports: Social relationships and pathways to health and illness*. 10(1):111–118, 1992

Campbell, Thomas L. *Research reports: Family interventions in family practice.* 10(2):227–234, 1992

Campbell, Thomas L. *Research reports: Physicians, patients, and their families.* 10(4):439–444, 1992

Campbell, Thomas L. (see Gilliss, Catherine L.). *Health policy and the family—Agenda for the year 2000.* 7(2):229

Campbell, Thomas L. (see McDaniel, Susan H.). *Family systems consultation: Opportunities for teaching in family medicine.* 6(4):391

Campbell, Thomas L. (see McDaniel, Susan H.). *Somatic fixation in patients and physicians: A biopsychosocial approach.* 7(1):5

Campbell, Thomas L. (see McDaniel, Susan H.). *Managing personal and professional boundaries: How to make the physician's own issues a resource in patient care.* 7(4):385

Candib, Lucy M. *Family life cycle theory—A feminist critique.* 7(4):473–487, 1989

Cannon, Nass (see Dashiff, Carol). *Physician and nurse collaboration in a medical clinic for indigent patients.* 8(1):57

Carle, Deborah L. (see Hanson, Cindy L.). *Family relations, coping styles, stress, and cardiovascular disease risk factors among children and their parents.* 8(4):387

Caruso, Susan M.; El-Mallakh, Rif S.; Hale, Mahlon S. *Systems dynamics in hyperemesis gravidarum.* 8(1):91–95, 1990

Casadaban, Adrianne (see Schroder, Keith H.). *Interpersonal skills training for parents of children with cystic fibrosis.* 6(1):51

Chaney, John M. (see Mullins, Larry L.). *A social learning/family systems approach to the treatment of somatoform disorders in children and adolescents.* 10(2):201

Chapados, James (see Wadland, William C.). *Sudden, unexpected death and the role of the family physician.* 6(2):176

Cigrang, Jeff A. (see Hanson, Cindy L.). *Family relations, coping styles, stress, and cardiovascular disease risk factors among children and their parents.* 8(4):387

Clements, Carol (see de Chesnay, Mary). *Family structure, marital power, maternal distance, and paternal alcohol consumption in father-daughter incest.* 6(4):453

Cohen, William I. (see Index of Articles/Book Reviews)

Cohen, William I.; Milberg, Laurel. *The behavioral pediatrics consultation: Teaching residents to think systemically in managing behavioral pediatrics problems.* 10(2):169–179, 1992

Colapinto, Jorge A. (see Ackerman, Fran). *The involuntary client: Avoiding "pretend therapy."* 9(3):261

Cole-Kelly, Kathy (see Index of Articles/Book Reviews)

Cole-Kelly, Kathy. *Five levels of involvement with gurus at the Family in Family Medicine Conference.* 6(1):112–113, 1988

Cole-Kelly, Kathy; Hepworth, Jeri. *Performance pressures: Saner responses for consultant family therapists.* 9(2):159–164, 1991

Connis, Richard (see Mengel, Mark). *The relationship of family dynamics and social support to personal, psychological, and social functioning in diabetic patients on the insulin pump.* 6(3):317

Cotsonas, Carolyn E. *The law and the limits of the law of informed consent.* 9(4):307–312, 1991

Couch, Kathy M. (see Armour, Mary Anne). *Family systems medicine curriculum at Mercer University School of Medicine.* 7(2):196
